

Safeguarding Policy, December 2018

This Safeguarding policy applies to all volunteers, helpers, members, staff, including senior managers, sessional workers, freelancers and General Council members or anyone working or volunteering on behalf of Woodcraft Folk.

The purpose of this policy:

- to protect children and young people who attend Woodcraft Folk groups and events
- to provide volunteers and staff with the overarching principles that guide Woodcraft Folk's approach to safeguarding and child protection

For guidance on the wellbeing of adults and staff, or concerns please see the following policies:

- Volunteer policy
- Health & Safety policy
- Working Together guidelines
- Complaints procedures
- Staffing policies

What is safeguarding?

Safeguarding children is defined in [Working together to safeguard children](#) as:

- protecting children from maltreatment
- preventing impairment of children's health or development
- ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
- taking action to enable all children to have the best outcomes

Charities which work with children must always act in their best interests and ensure they take all reasonable steps to prevent harm to them. Please see the safeguarding checklist for a list of minimum safeguarding requirements e.g. supervision ratios, risk assessments, screening, training and other actions which create a safe environment for all.

Child protection is part of safeguarding and promoting welfare. Child protection refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm e.g. referral, support plans and other intervention.

Woodcraft Folk's Commitment

Woodcraft Folk believes that a child or young person should never experience abuse of any kind, that they should be supported to feel comfortable and confident when participating in our activities and the wider society.

Woodcraft Folk have a responsibility to promote the welfare of all children and young people and to keep them safe. Woodcraft Folk are committed to practice in a way that protects children and supports them to engage in activities that support our aims and principles.

Woodcraft Folk will not tolerate any behaviour which may harm children or young people emotionally, physically or psychologically. Such behaviour includes physical, emotional,

verbal or sexual abuse, bullying, harassment, undue or harsh criticism or violence directed towards individuals or groups. Woodcraft Folk will take serious measures against any volunteer or staff member found in violation of this policy.

Woodcraft Folk strive to maintain a culture of honesty and openness, supporting children and young people to work co-operatively with adults to identify what they consider likely to affect them and their safety.

Children have said that they need:

- Vigilance: to have adults notice when things are troubling them
- Understanding and action: to understand what is happening; to be heard and understood; and to have that understanding acted upon
- Stability: to be able to develop an ongoing stable relationship of trust with those helping them
- Respect: to be treated with the expectation that they are competent rather than not
- Information and engagement: to be informed about and involved in procedures, decisions, concerns and plans
- Explanation: to be informed of the outcome of assessments and decisions and reasons when their views have not met with a positive response
- Support: to be provided with support in their own right as well as a member of their family
- Advocacy: to be provided with advocacy to assist them in putting forward their views
- Protection: to be protected against all forms of abuse and discrimination and the right to special protection and help if a refugee

Safeguarding Principles

Woodcraft Folk recognise that:

- the welfare of the child is paramount, as enshrined in the Children Act 1989
- all children, regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity, have a right to equal protection from all types of harm or abuse
- some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues
- working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare.

Woodcraft Folk's underlying safeguarding principle is that all members (children, young people and adult volunteers) should be protected at all times from behaviour and attitudes they find uncomfortable. To achieve this aim:

- The needs of the children and young people are central to all activity planning
- Open communication with members of all ages and effective planning will support safeguarding of children, young people and adults
- Anyone has the right to speak out about behaviour and attitudes they find uncomfortable, they know who they should speak to in advance and be confident they will be listened to
- Every District, Centre, project and event organiser must nominate one adult member to take the lead on safeguarding issues and to develop a tailored safeguarding plan

- Groups of children and young people should be supervised by a minimum of 2 adult members
- Physical contact should be instigated by the child or young person, and should be relevant to their needs or safety
- Appropriate screening and checks need to be undertaken by all adults regularly working with children, but these are only effective when supported by good communication, training and ongoing observation (link to screening procedures)
- All volunteers and staff receive appropriate Safeguarding training relevant to their role in the Woodcraft Folk
- Risk assessments must be completed for all venues and activity types
- Personal details of members, children and young people are held securely in accordance with Woodcraft Folk's data protection policy

Woodcraft Folk are committed to reviewing our policy and good practice annually.
